### PIT STOP RULES

- There will be a mandatory pit stop at which a driver change may occur
- All cars, even those not changing drivers, must come to rest in the pit lane and make a minimum 60-second stop. It is the team's responsibility to time the stop but this will be monitored and checked by race officials
- The mandatory pit stop (and driver change where needed) must take place between the 15th and 25th minute of the race.
- In this window, the pit lane is monitored by a timekeeping system which records the entry and exit from the pit lane.
- The speed limit in the pit lane is 60kph (37.2mph)
- The driver does not have to get out of the car or stop the engine if there is no driver change
- A "Pit Lane Open" board will be shown for 2 laps after the pit is opened and a "Pit Lane Closed" board will be shown at the end of the pit window
- No refuelling will be allowed
- Car doors and seat belts/harnesses must remain secured until the car is stationary

### Penalties:

- If the car does not remain stationary for the full 60 seconds, there will be a penalty of either an extra 60 seconds added to its race time or the car may be called in for a drive-through penalty
- If a car does not stop within the allocated time window there will be a 30-second penalty
- **Speeding:** any infringement of the speed limit will incur a time penalty of up to 2 minutes, which will be added to any other time penalties incurred
- Failure to take the mandatory pit stop will result in exclusion from the results
